Water Gen CRADA Final Draft 270917 Is 2017-10-22.docx

Hi Geoff. I've been cranking on this last night and tonight. This is one of those "fine-toothed comb" documents where you have to read the edits carefully. I've gotten to all of it except section 5 and 6 – I saved the best for last.

At one point, I had to make it clear that Water Gen folks are guests of the Lab, and are not in a position to order EPA Lab folks around.

I'm done for the night. I'll pick this up again tomorrow morning. I want it finished by 3:00. I have not yet finalized the MTA and NDA. I want to get the CRADA done first. The other two won't take much time.
